Betar idea 's

No

Inclusive education – also called inclusion – is education that includes everyone, with non-disabled and Disabled people

The carriculum was good no suggetions

Yes

Provide placements of different company's in college

According to me Real time projects and internships has to be add in the curriculum to gain more practical knowledge for the students.

Studies

yes

Instead of book knowledge encourage exploration of science

Nothing all is good

Ok good

Any Suggestions (ought to be course specific)

'Should' is used in sentences where permission is sought or to give advice/suggestion that one thinks is right according to them. The word 'should' also shows probability.

Provide material for students regarding subject wise

All are doing well ,and very good team in the istitute

horticulture

Encourage sport studenta

Out of the course it is better to conduct webinars to reduce the stage fear and to get more interaction. In this form I think it is better to add students option in the current status column because some members doing post graduation they need to select that.

Yes

yes

More practical projects
